

Tink n Stink Guide for Chewigem Bangle Fitting

Bangle size is determined by the size of the hand and not the wrist. To check that the bangle will fit, please use the following guide -

1. Tuck the thumb into the palm of the hand, as if the user is about to put a bangle on
2. Measure around the widest part of the hand using a tape measure. This is usually around the knuckles, closest to the wrist
3. Check this measurement against the inner circumference of the bangle you have purchased. This information is available on our web listing for each bangle

Please ensure that the bangle is the correct size as **ONCE OPENED THE BANGLE CANNOT BE RETURNED TO US DUE TO HYGEINE REASONS**
